Why choose our pullout storage?

- Mounted on rugged solid frame that is powder coated prior to high finish epoxy coating.
- The double sealed ball bearing mechanism ensures no jamming in case of spilling of Atta & Rice.
- Easy and firm mounting of baskets with no loose components. There are many positions available for width adjustments as per your requirements.
- Double Ball Bearing based mechanism ensures perfect lifelong movement and prevents collection of dust and dirt.
- Easy assembling allows thorough cleaning.

In your kitchen you have large packs of flour, grain or pulses for everyday use. Use this grain trolley fitted inside a cabinet. Ball bearing mechanism means heavy loads slide out at the touch of a finger.
